Better Pay for the Tutors
Longer study room hours
A better location
more help for upper level classes
Having tutors' schedules more readily available to student
Do not allow food in the rooms.
Bigger spaces
Workers are more respectful
more study sessions
more space required
No athletes.
more private study rooms
more math 146 tutors
Not sure, I don't really use ACE
expand. It gets very full at night
Upper level tutoring.
more tutors
Quiter
More room/separate areas for the athletes
more tutors in advanced areas of study
Better tutors that know how to guide rather than just give answers.
Nothing
Additional tutors that know a lot about your subject.
More lower level math tutors
I have never been there.
More tutors
More Sandy's Donuts
Everything tutors are clueless
N/A
nuffin
More tutors so you don't have to wait as long to be helped
Better tutors: ALSO THIS ISN'T TWO
Offer tutors for every course.
Better system of answering question in ace tutoring, not just raising hands. Friendly people swipping cards.
Nothing
More space to study
Someteama it gets ridiculously loud and annoying to be in. Also it's all the way across campus.
I would like a better screening process for the tutors. Some/most are inapt to be helping out in certain courses when I've gone there for help.
More information during tours
Well, this is a third question. But I don't know, I don't use the space.
Should be opened later than 10 pm.
I don't know what's ACE
More private rooms
It would be awesome if there were more private study rooms.
More group study rooms
Free food
na
More printing space

More regulation of making sure people are quiet
Have tutors for more advanced classes
Make it not as hot, personal tutoring,
Weekend hours
Location. It's in a basement with no windows
More computers and tutors for discrete math
Make sure it stays quiet
Nothing
To have only those students there who are serious about and want to study.
Nothing
It would be nice to have more study rooms cause they seem to always be full + the "quiet" study room people are always talking
The location to a more main part of campus.
Sound proof rooms with shades and maybe a mattress
Rewards for going!
Quieter. It's very loud
more tutors for more classes
Advertise more
nothing never used it
Open later in night
No comment
Well, it was good while I was freshman. Not as usefull as a senior.
Saturday hours!
Better tutors
Better qualified tutors.
full time tutoring rather than sharing the tutor with other people who are studying different things
More tutors for other than math courses
It is kind of located in an "out-of-the-way" area. I would put it in a more central location like the Union or one of those buildings.
it's an Angiotensin Converter Enzyme... hehehe
more tutors
possible direction from teachers to specific tutors to have answers to questions so they can help better.
Printer in the tutoring area that students can print too from laptops
More advertising
I think ACE is good the way it is!
Student Athletes
Tutors to be more available and willing to teach, as opposed to them working on their homework all night
More study space. it is usually rather full.
That they had students I could tutor so they hand't paid me to do nothing.
natural lighting--its a dungeon with mediocre fluorescent lighting
Sometimes it is hard to find someone who is tutoring the subject you need help with
When I was a freshman, I felt way more welcomed at ACE. Now I go there and feel like I am just a nobody among all of the jocks and athletes. They are taking over ace.
I wish that there were more tutors, so that I could get in and get out rather than waiting.
A second location
Open 24/7 all day all week, saturdays are just fine night time, onlines just fine. Help us get our degree and set ourselves free, from the school that we call NDSUniversity
Have more spaces around campus like having it in the library or the MU so that students that are not an athlete can access that space better.
Idk only used it once not my idea either
I don't consider ACE to be a quiet place to study or work. I would improve on that
make it more inviting
Bigger Space, more tutors per topic
I would like it to be quieter, because it can be quite loud, and also maybe put monitors in the Kinesthetic Study Room.
Location
Have a separate spot for athletes.
More private study rooms
