Your campus clinic and pharmacy

www.ndsu.edu/studenthealthservice
Examples of services that will result in a charge include:

- nurse practitioner (for eligible students).
- unlimited office visits to see a nurse or health care provider (physician/physician assistant, nurse practitioner, certified nurse midwife).

Funded by a student health fee, there are no additional charges for students enrolled in summer session, as it is funded through student fees. For students enrolled in spring and fall semester but NOT enrolled in summer classes, there is an annual, one-time summer user fee for those who want to utilize the clinic in the summer. There is no additional fee for those students enrolled in spring and fall semester who do not want to utilize the clinic in the summer.

Appointments can be scheduled online through the Student Health Portal at www.ndsu.edu/studenthealthservice or call 701-231-7331.

Students do not need to be a Student Health Service patient to use the pharmacy. Existing prescriptions are transferrable and new prescriptions can be filled on campus. Our licensed pharmacy staff also can provide assistance in selecting one of the many available over-the-counter medications.

The pharmacy can process pharmacy claims with most health insurance companies. For questions about prescription insurance coverage or prescription transfers, contact the Student Health Service pharmacist at 701-231-7332.

**Billing**

Insurance is NOT required to use services at Student Health Service. If a student has an appointment that incurs a charge, the charge will be billed by NDSU Customer Account Services. Charges can be paid online through Campus Connection or in person at Bison Connection, located on the main floor of the Memorial Union. After the charges are submitted to the student’s account, the student will have 30 days to pay the charges or a late fee will be assessed. When charges have been posted, an itemized statement for services is available online through the Student Health Portal or upon request at Student Health Service. It may take up to one to two weeks for the statement to become available.

**Insurance**

Student Health Service does not file insurance claims with health insurance carriers. It is the RESPONSIBILITY OF THE STUDENT to file insurance claims with their insurance if they want to seek reimbursement.

TO FILE HEALTH INSURANCE CLAIMS FOR CHARGES, contact your health insurance company for directions.

**Pharmacy**

Students do not need to be a Student Health Service patient to use the pharmacy. Existing prescriptions are transferrable and new prescriptions can be filled on campus. Our licensed pharmacy staff also can provide assistance in selecting one of the many available over-the-counter medications.

The pharmacy can process pharmacy claims with most health insurance companies. For questions about prescription insurance coverage or prescription transfers, contact the Student Health Service pharmacist at 701-231-7332.

**Student Health Portal**

www.ndsu.edu/studenthealthservice

The portal can be accessed from any device with an internet connection. To log in, use your Blackboard username and password. Through the portal you can:

- Schedule appointments
- Complete pre-visit forms
- Print statements
- Upload, view and print your immunization history
- Receive or send secure patient-provider messages

**Immunization Requirements**

In accordance with NDSU policy, the following immunization documentation is an admission requirement.

**MEASLES, MUMPS AND RUBELLA (MMR)**

- Two documented doses after first birthday (must be 28 days apart)
- MMR titer (a blood test to test immunity) is an acceptable form to prove immunity. No vaccine would be required if titer proved immunity. Please attach each lab result (titer) which must include dates and values.

**MENINGITIS VACCINE (MENINGOCOCCAL DISEASE)**

All students 21 years of age and younger must provide documentation of immunization after the age of 16.

**TUBERCULOSIS (TB)**

Any student who has lived in or traveled to a high incidence country for more than 30 days should be screened within one week of returning to the United States. A list of high-incidence countries is available on the Student Health Service website, or you can call and ask to speak to a nurse to determine if screening is necessary.

International students are required to be evaluated by Student Health Service to identify country of origin and complete necessary screening within one week of arrival on campus.

For questions, call 701-231-7331, email ndsu.immunizations@ndsu.edu or go to www.ndsu.edu/studenthealthservice/immunizations.

**Wellness Education**

The Health Promotion and Wellness Education program strives to promote, provide and connect students to health and wellness resources. Through the Healthy Herd Champions, a student wellness peer leadership program, students educate themselves and their peers on health and wellness topics. The program provides opportunities for students to serve as role models and leaders while encouraging others to make healthy lifestyle choices.

For questions about wellness education or the Healthy Herd Champion program, call the Wellness Education Coordinator at 701-231-8560.
