

**ARTICULATION AGREEMENT**  
**NORTH DAKOTA STATE UNIVERSITY, USA**  
**AND**  
**INTERNATIONAL CENTRE FOR APPLIED SCIENCES, INDIA**

This Agreement is for the purpose of establishing academic articulation between North Dakota State University, USA and International Centre for Applied Sciences (ICAS), Manipal Institute of Technology, India.

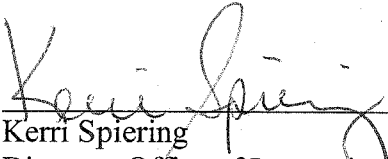

North Dakota State University agrees to accept qualified students from ICAS, who meet the following requirements:

The applicants will be accepted based on their merits on a case-by-case basis. Apart from academic achievements, considerations will also be given to factors such as areas of study, maturity of applicant, and demand for the particular program.

The number of credits awarded to the applicants may also depend on the average grades obtained.

In general, applicants need an average grade of 'C' in their respective courses, to be granted 1-2 years of advanced standing towards a 4-5 year degree program in the United States.

This Articulation Agreement is in effect upon signing by all parties and remains in effect until annulment by one or both parties.
