DUAL DEGREE PROGRAM AGREEMENT
BETWEEN
CHUNGNAM NATIONAL UNIVERSITY
AND
NORTH DAKOTA STATE UNIVERSITY

This AGREEMENT is a renewal of an initial agreement established in 2008 by and between Chungnam National University (hereinafter called "CNU"), which is a national institution of higher education that is located in Daejeon, Republic of Korea, and North Dakota State University (hereinafter called "NDSU"), which is an institution of higher education that is located in Fargo, North Dakota, U.S.A.

1. GENERAL. Inasmuch as CNU and NDSU wish to enter into an agreement under which CNU will provide education in the field(s) of Humanities, Social Sciences, Natural Sciences, Business, Agriculture and Engineering to NDSU students in the Dual Degree Program (hereinafter called Program), and NDSU will provide education in the field(s) of Humanities, Social Sciences, Natural Sciences, Business, Agriculture and Engineering to CNU students in the Dual Degree Program, the two universities agree to the following terms:

2. INFORMATION. The intent of this Program is that the host university will grant a bachelor degree to the students of the other university upon the successful completion of the Program. In the first two (2) years of study, the students of each university will study at their home university with its faculty, and in their final years of study, the students will come to the campus of the host university to fulfill their bachelor's degree requirements for both CNU and NDSU. CNU will promote NDSU's Program to CNU students in the field(s) of Humanities, Social Sciences, Natural Sciences, Business, Agriculture and Engineering during the term of this agreement, and NDSU will promote CNU's Program to NDSU students in the same field.

3. COURSE TRANSFER DETAILS. The applicants will be accepted based on established criteria and on their merits on a case-by-case basis. Apart from academic achievements, considerations will also be given to factors such as areas of study, maturity of applicant, and demand for the particular field. The number of credits awarded to the applicants may also depend on the average grades obtained. In general, applicants need an average grade of 'C' in their respective courses, to be granted 1-2 years of advanced standing towards a 4-5 year degree program in the United States.

4. ADMISSION INFORMATION. The home institution will certify to the host institution the names and addresses of each student applying for full admission to the host institution for the dual degree program. The home institution agrees that all such students so certified must complete the admission application procedures required by the host institution in the year of applying for full admission and that such application must be made on a timely basis and must fully comply with all host university requirements for a complete admission application, including a relevant application fee prior to the host institution considering each student's acceptance into the program.
5. **CONFIDENTIALITY.** The institutions agree to hold all documents, information, data, and other materials provided to the other party under this agreement in the strictest confidence. The institutions further agree not to disclose any information provided by the other institution, including the content of this agreement, to other parties or institutions other than employees, agents, and counsel unless one institution permits the other to do so in writing.

6. **TUITION/ROOM AND BOARD.** The host university will charge its regular tuition and room and board as outlined in its current catalog to the students of the other university while they study at the host university.

7. **LANGUAGE COURSE.** Both universities may utilize language-training centers and establish language-training programs with the mutual consent of both universities, if necessary. Details of language-training programs will be made by mutual consent.

8. **TERM.** This agreement shall be in force for the period of five (5) years commencing upon the date of the last signatory. Continuation of this agreement after five (5) years will be negotiated by both universities prior to six (6) months of the end of this agreement.

9. **MEDICAL INSURANCE.** CNU requires that all students enrolled in the program have medical insurance. Each student must present evidence that he/she is covered under an insurance plan covering medical facilities and services in Republic of Korea. CNU has no responsibility relative to medical expenses of any NDSU students. NDSU requires that all CNU students be enrolled in the state mandated international student health insurance program. This policy cannot be waived. NDSU has no responsibility relative to medical expenses of any CNU students.

10. **CANCELLATION.** Either institution may notify the other of its intention to cancel this agreement with written notice six (6) months in advance.

11. **CONSTRUCTION.** This agreement shall be constructed in accordance with the laws of each country.

12. **ENTIRE AGREEMENT.** This is the entire agreement between the institutions as to the subject matter hereof and there are no other agreements or understandings, written or oral, expressed or implied.
