To: Potential Respirator Wearing Individuals

Fm: Brandon Gustafson, Associate Director, EHS

Date: May 1, 2023

Ref: Instructions for completing and filing respirator evaluation form

NDSU Policy requires that all employees required to wear a respirator receive medical clearance from a Physician or other Licensed Health Care Professional (PLHCP). This process contains three forms; Employer Authorization and Information for Respiratory Evaluation, PLHCP Written Statement for Respirators (Employee), and the OSHA Respirator Medical Evaluation Questionnaire. These forms are required to be completed and submitted to one of the two NDSU Occupational Healthcare Providers (Providers) as identified below. They will perform the medical evaluation associated with the respirator clearance. The steps involved in filling out and sending the information are as follows:

1. The first page titled “Employer Authorization and Information for Respiratory Evaluation” is to be completed by the employee’s supervisor and Medical Provider. The supervisor is to complete only the top portion as indicated.

2. The supervisor must pass the forms on to the employee so that they can complete the remaining (non-Provider) items.

3. The second page titled “PLHCP Written Statement for Respirators (Employee)” contains basic employee information along with an approval area for the Provider’s use. The employee is to fill out only the highlighted areas at the top of this page.

4. The employee will then fill out the questionnaire for the corresponding NDSU Occupational Healthcare Provider they wish to see and return to provider a minimum of one day before scheduled fit test along with authorization for corresponding NDSU Occupational Healthcare Provider, employer authorization, and PLHCP written statement for respirators.

5. Please note: After choosing your Provider, fill out their Authorization for Treatment Form (Authorization – Sanford or Authorization – Essentia) All forms can be found on the NDSU forms page https://www.ndsu.edu/forms/#purchasing12 under UPSO-Safety-Respirator. Note that the questionnaire is confidential medical information and is not intended for the employer to read.

6. Upon reviewing the forms, the Provider will issue clearance with an expiration date, deny clearance, indicate special conditions and/or determine that additional medical evaluation (exam) is required. This notice will be issued to both NDSU and the employee through the use of the first two pages of the form.

You were evaluated in this office of your medical status related to your physical capability to wear a respirator. (Check √ one that applies)

☐ There were no abnormal findings that would hamper your ability to perform your job duties while wearing a respirator.

☐ The abnormal findings listed below were not related to wearing a respirator but should be reported to your personal physician for further evaluation.

_______________________________________________________________________________

_______________________________________________________________________________

Based upon the results of this evaluation it is my opinion that you:  (Check √ ALL that apply)

☐ Are qualified to wear a respirator.

☐ Have the following restrictions concerning respirator usage.

☐ ARE NOT qualified to wear a respirator.

☐ Require further testing by your private physician who must submit a written report of his/her findings to so that a final decision on your ability to wear a respirator can be made.

☐ Must wear Special prescription eyewear needed to accommodate respirator.

☐ Must use an Eye glass conversion kit.

☐ May need to shave Facial hair to assure tight seal on certain facemasks.

☐ Need to stop smoking.

(Check √ ALL that apply)

☐ The above individual HAS been examined for respirator fitness in accordance with 29 CFR 1910.134.  This limited evaluation is specific to respirator use only. Employees should be instructed to report any difficulties in using respirators or change of any physical status to their supervisor or physician.  This evaluation included the Respiratory Questionnaire outlined in 29 CFR 1910.134.

☐ The above individual HAS NOT been examined by me for respirator fitness.  The employee’s medical evaluation consisted of a review of OSHA’s Medical Evaluation Questionnaire in Appendix C Part A Section 2.  In accordance with 29 CFR 1910.134, this limited evaluation is specific to respirator use only. Employees would be instructed to report any difficulties in using respirators or change of any physical status to their supervisor or physician.  This evaluation included the Respiratory Questionnaire outline in 29 CFR 1910.134.

☐ In accordance with specific OSHA requirements, I have informed the above named individual of the results of this evaluation and of any medical condition resulting from exposures that may require further explanation or treatment. Where applicable, the above named individual has been informed of the increased risk of lung cancer attributable to the combined effect of smoking and asbestos, lead and/or other chemical exposure(s).

Respirators must be properly selected based on the containment and concentration levels to which the worker will be exposed. Failure to follow the use and fitting instructions and warnings for proper use contained on the respirator packaging and/or failure to wear the respirator during all times of exposure can reduce the respirator’s effectiveness and result in sickness or death. Wearer must be trained in the proper care of any respirator. Refer to product literature and packaging for specific information regarding fit
