Program Learning Outcomes Checklist

- Describes what faculty members want students to **know** as a result of their education.

- Describes what faculty members want students to be **able to do** as a result of their education.

- Contains an action:
  - Action is observable
  - Action is measurable
  - Example actions words: Compile, identify, formulate, create, plan, revise, analyze, design, select, utilize, apply, demonstrate, prepare, use, discuss, explain, predict, assess, compare, critique, evaluate
  - Action words to avoid since they are difficult to assess: know, be aware, appreciate, learn, understand, comprehend

- Maps to the curriculum, co-curriculum, and educational practices that offer multiple and varied opportunities for students to learn.

- Is collaboratively authored and collectively accepted.

- Aligns with University or professional outcome statements if applicable.

- Focuses on general skills instead of explicit details that would be seen in course-level learning outcomes.
