Reports:  
General Education: Larry Peterson said that five of the seven rubrics have gone through the final draft phase. They will be forming focus groups on the UNIV 189 Course Review. New courses and programs that are up for their Five Year Review will need to submit a rubric of student outcomes before they will be renewed.

Assessment in Student Affairs: Allyn Kostecki stated that Dr. Wallman has provided a list of expectations for annual reports in Student Affairs. For the purposes of this committee, significant elements include identification of an outcomes statement and results of outcomes assessments. Allyn pointed out that the Student Affairs assessment reports will be different than the academic assessment reports.

Bob indicated that the committee would obviously need to determine how reports from Student Affairs will be evaluated.
Unfinished Business
Larry Peterson said that Mike Robinson from the University Archives is requesting that departments send their annual reports and other pertinent materials to the University Archives at 1305 19th Ave N (the old K-Mart building).

New Business
Updated spreadsheet of assessment reports received for 2003 – 2004: An updated spreadsheet was distributed. There are still departments that are not current with their reports at this time.

Progress on review of assessment reports: A reviewer is needed for the report from the Department of Pharmacy Practice.

Presentation on the “Guide for Reviewers: Mark Schmidt and Christy Oliver have been informed by the Collaboration for the Advancement of Teaching and Learning that their proposal for a presentation on the “Guidelines for Reviewers” has been accepted. Their presentation will be at meetings scheduled for February 18 and 19, 2005 in Bloomington, MN.

Comments from departments
David Scott told the committee that the Dr. Charles Peterson, Dean of the College of Pharmacy thought it would be a good idea for University Assessment Committee Members to do a “Question and Answer” presentation with each department. There was general agreement that the Committee should continue these activities whenever possible.

Late, or Delinquent Reports
Bob will be drafting a letter that will be sent to department chairs that have not turned in their reports. A motion was made to move forward with the letter draft (Goplen/Oliver) and was unanimously approved.

A motion to adjourn at 3:50 (Scott/Oliver) was approved.

Kären Bjellum, Recorder.
