Join President Cook on the 2025 North Dakota Tour

NDSU President David Cook and leadership are hitting the road this summer to connect with communities across the state during the 2025 North Dakota Tour, running July 14 through August 7. Aligned with NDSU Research Extension Center Field Days, the tour highlights the university's statewide impact in agriculture,

innovation, and workforce development. The tour offers a firsthand look at how NDSU research is addressing real-world challenges and supporting North Dakota's rural communities.

NDSU professor earns NSF CAREER Award

The \$650,000, five-year award will focus on research efforts to help save the honey bee population. Professor Sulaymon Eshkabilov will study the modeling, identification and prediction of honey bee responses, and his study comes at a critical time for honey bees.
