

## Title

Adult Vaccine Conversations: Addressing Common Concerns

## Course Description:

This session aims to equip healthcare providers with effective communication strategies for discussing adult vaccines with patients. Participants will learn to address common concerns such as vaccine safety, efficacy, and potential side effects. The training may include examples to practice empathetic and informative conversations. By the end of the session, attendees will be confident in guiding patients through their vaccination decisions.

## Date

5/15/2025

## Time

12:00 pm

## Location

Fargo, ND

## Learning Objectives:

*Upon successful completion of this knowledge-based course, pharmacists and pharmacy technicians should be able to:*

1. Identify common questions and concerns adults have about routine and seasonal vaccines.
2. Describe effective communication strategies for discussing adult vaccines with patients.
3. Explain the role of the healthcare provider in initiating and navigating vaccine-related conversations with adult patients confidently.
