SBARE

State Board of Agricultural Research and Education

WHO WE ARE AND WHAT WE DO

HISTORY

The State Board of Agricultural Research (SBAR) was established by legislative decree in 1997. It was responsible for budgeting and policy-making associated with the supervision of the North Dakota Agricultural Experiment Station (NDAES).

The law was changed during the 1999 legislative session to include responsibility for the North Dakota State University (NDSU) Extension Service. SBAR became the State Board of Agricultural Research and Education (SBARE).

Agricultural Research Fund

North Dakota statute assigns SBARE the responsibility of administering the Agricultural Research Fund (ARF).
